Division Memorandum
No. 43 Series of 2018

TO: ALL ELEMENTARY AND SECONDARY SCHOOLS (Public and Private)
All Others Concerned
This Division

FROM: ROY ANGELO E. GAZO
Schools Division Superintendent

SUBJECT: Call for Research Proposals, Call for Project Briefs for the Second National Climate Change Conference

REFERENCE: DepED Memorandum No. 160 s. 2018

1. The Department of Education through the Disaster Risk Reduction and Management Service (DRRMS), will host the Second National Climate Change Conference with the theme “Climate Action for Sustainable Development: Driving Change in the Philippine Schools from November 19 to 20, 2018 in Pasay City.

2. The conference will showcase researches and student’s projects related to climate change adaptation and mitigation through research forum from a student exhibit.

3. The target participants of the research forum for the research forum are teachers and researchers from public and private schools, as well as DepED DRRM Coordinators, DRRM Practitioners, climate change advocates and senior high school students from public and private schools.

4. All interested researchers are encouraged to submit the abstract and project briefs not later than October 17, 2018 to danieldelunajr@gmail.com or hand it personally to Daniel L. de Luna Jr at the DRRM OFFICE, DepED Division Office, Picoarangan Tubod Lanao del Norte. For more information and/or queries, please call 09153406822 or 09102226027.

5. Please Annexes A and B for the guidelines and format of the Abstract and Project Briefs.

6. Immediate dissemination of this Memorandum is desired.
Annex A.

Call for Abstract:

All interested researchers are encouraged to submit their abstracts on climate change adaptation and mitigation in schools in the following themes:

Theme 1: Policy Development and Management in CCA

This is a broad theme covering issues, challenges, effective practices, status reports on the development, adaptation or localization of climate change adaptation and mitigation policies in schools. It aims to showcase researches on how schools provide an avenue for national and international policies to be integrated in the school system. It also seeks to highlight the monitoring and assessment of the effectiveness of these policies in changing perspectives and views on climate change to the school’s stakeholders.

Theme 2: Experience and Innovations on Climate Change Adaptation in Schools

This theme covers product innovations, innovative practices, new methods and approaches that are utilized or introduced to raise awareness on climate change and to promote climate change adaptation in schools. This includes the use of technology in the classroom, bridging climate change issues and the curriculum, climate resilient school improvements on infrastructure, web technologies. It also highlights the integration and interplay of climate change adaptation with the various players, issues, concerns, and challenges in the education system with emphasis on resilience education, inclusive education, curriculum design and development, educational trends, barriers to teaching and learning, and student participation and engagement.

Theme 3: Community Linkages and Networking for CCS in Schools

This theme aims to present documented researches on the interactions and partnerships between schools, national government agencies, national and international, non-government organizations, local government units, businesses, and other policy practice, and research communities. It seeks to share and exchange knowledge and showcase projects that demonstrate how these groups collaborate to co-produce knowledge on around climate change adaptation.

Abstract submission on other CCA or DRRM related topics are also highly encouraged.

Types of contributions:

You can present your projects in two modalities:

- **Oral presentation**: each presentation will last 15 minutes and will be presented in parallel thematic sessions. The presenter delivers their research to their audience verbally, accompanied by a PowerPoint slideshow.
- **Poster presentation**: Your poster will be exhibited during the conference poster session. Poster sessions will provide an opportunity for authors to display the results and conclusions of their papers. Authors are invited to present their works face to face with
Annex A.

individuals and small groups. Posters are limited to a maximum size of 36” by 48” (vertical).

Submission Guidelines:

- All abstracts must be submitted in English.
- Submit a 250-word abstract containing the introduction, objectives of the study, methodology, results and findings, conclusion, and recommendations. It should end with three keywords on the topic investigated.
- The following should appear prior to the abstract part: research title, researcher/s name, position and affiliation, researcher/s email address/es (See template)
- All text will be in the Times New Roman 12, 1.5-line spacing, normal margin in an A4 sized paper.
- For the submission of abstract, please submit it to danielde lunajr@gmail.com with the subject: NCA-(Name of Principal Author) not later than October 17, 2018. Hard copies will also be accepted in the Division Office. Please address it to DRRM Section and attention it to Daniel L. de Luna Jr.

Please see the Enclosure No. 2 to DepEd Memorandum No. 160, s. 2018 for the Abstract Format.

Call for Project Briefs:

2nd National Climate Change Conference
